DENTURE CLEANING

ARE YOUR DENTURES DIRTY?
STAINED? **ARE YOU HAVING
TROUBLE KEEPING THEM CLEAN?**

BRING THEM TO **DENTAL CRAFTS** FOR A **PROFESSIONAL CLEANING!**

They'll get them to an refreshed and far cleaner appearance, and bring back the high-lustre polish.

We Can Clean

- » Acrylic Dentures
- » Cast-partial Dentures
- » Dentures with Attachments
- » Implant-retained Dentures
- » Other Orthodontic Appliances

Benefits

- » Safe and reliable
- » Removes plaque, tartar, and food debris buildup leaving a smooth surface free from deposits, bacteria and germs
- » Better detection of early wear or stressing (cracks, fissures, or other changes)
- » Your dentures are cleaned by the people who made them!

DID YOU KNOW | Dentures should be cleaned professional 4 times per year, much like natural teeth. Daily cleaning done at home is correct and important, however it cannot prevent deposits forming and spreading. This is where we can help; our fully trained staff are more than capable of putting the shine back in your healthy smile!
